

GN Community School's Annual Fall Festival

The crunch of the leaves, the sounds of Mr. Tommy, Miss Holli and the "Weens," the laughter and chatter of delight from families and children, surrounded the Great Neck Community School's 13th Annual Fall Festival.

Crafts, photo memories, games, prizes and opportunities to sing, dance and share with friends and families, continued the tradition of this cooperative parent/child preschool. For over 77 years G.N.C.S. has created lasting memories of children, parents and teachers working together to create a true learning environment.

Director Barbara Breslow directs the activities.

Just look at that scarecrow!

The pumpkin toss!

Miss Holli with her little fans.

A song from Miss Holli!
