

Mrs. Greif, Mrs. Schulman and Mrs. Chessen led their morning 3-year-old class to the feast.

Thanksgiving at GN Community School

By Carolyn Levin

November was a month filled with learning, reading and singing about the first Thanksgiving harvest festivals and talking about gratitude and what the children of Great Neck Community School are thankful for, as well as the joy of sharing together. The culmination was a

school-wide feast held on the Tuesday before Thanksgiving Day. Each class worked together to prepare a special dish for the entire school. The children then enjoyed turkey, corn bread, cranberry sauce, pumpkin bread, cucumbers, mashed potatoes, clementines and more. What a special way it was to learn about Thanksgiving.

The 3-year-old morning session classes shared their feast together.

The feast was set up in the school kitchen, with signs indicating what dish each class contributed (also 1a.).

The decorations were wonderful!

Mrs. Ortutay prepared mashed potatoes with her afternoon 4-year-olds.
