

# Great Neck Community School Hosts Playground Playdate

Students and families returned to the Great Neck Community School on Saturday, Sept. 9 for the annual welcome back "Playground Playdate." New and returning students greeted old friends and made new ones during an informal playdate in the school's magnificent outdoor playground. Many older brothers and sisters also enjoyed returning to their nursery school "alma mater" to play. Ongoing activities for families, alumni and friends are planned this year to celebrate the Community School's 75th anniversary serving the community. For more information, call the Community School at 482-5005.
